Recognition and Validation of Acquired Skills for Disabled People

Erasmus+ KA2 VET – 2014

Project Nº 2014 -1-PT-01-KA202-000919

Co-funded by the  
Erasmus+ Programme  
of the European Union

Recognition and Validation of Acquired Skills for Disabled People

## PROJECT OBJECTIVES:

Improve the offer in the area of professional recognition of acquired skills for people with disabilities.

Promote the inclusion of people with disabilities in the labour market and in the education/training system.

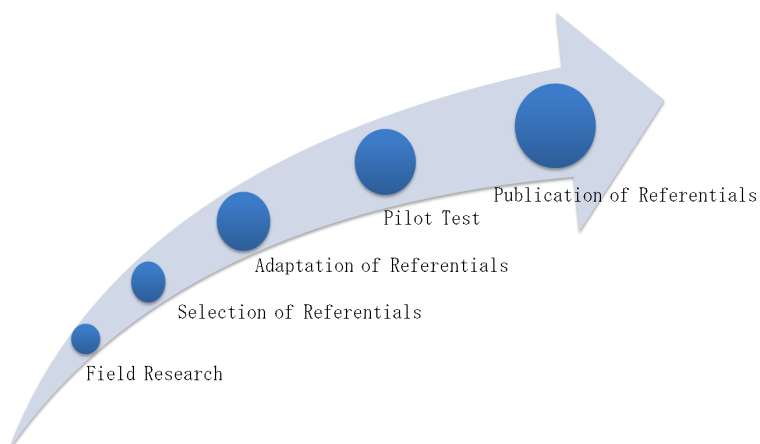

Promote mobility in the European labour market through the implementation of the ECVET system.

## DURATION

October 2014 - September 2016

## MAIN PROJECT ACTIVITIES

1. Comparative study of needs in the area of recognition and validation of professional skills for people with disabilities in partner countries.
2. Specific training for the teams that will work in the adaptation, testing and validation of the selected professions to be adapted for people with disabilities.
3. Preparation and adaptation of 4 professionals referentials of recognition and validation of acquired skills for disabled people.
4. Elaboration of a Methodological Guide for the implementation of the process of recognition and validation of acquired skills for disabled people.
5. Pilot test and validation of the referential in all countries.
6. Publication of the Methodological Guide and Recommendations.

## Participating countries:

- Portugal
- Spain
- Bulgaria
- Romania

## PROJECT OUTCOMES:

- 17 new referentials of recognition of professional skills for disabled people;
- Participation of 102 people with disabilities in the activities of the project;
- Publication of a Methodological Guide;
- Implementation of the ECVET system in the acquired qualification;
- Final Report with Policy Recommendations/ Guidelines.
